

Self-forming Pan Installation

Deck	A	B	C	D		E - Notch
				19" Frame	23" Frame	
6' x 6'	90"	75"	75.5"	20.5"	24.5"	2.5" x 1/4"
6' x 8'	90"	99"	75.5"	20.5"	24.5"	2.5" x 1/4"
6' x 10'	90"	123"	75.5"	20.5"	24.5"	2.5" x 1/4"
7' x 6'	101"	75"	86.5"	20.5"	24.5"	2.5" x 1/4"
7' x 8'	101"	99"	86.5"	20.5"	24.5"	2.5" x 1/4"
7' x 10'	101"	123"	86.5"	20.5"	24.5"	2.5" x 1/4"

Instructions

- Remove backfill dirt to "D" + 5"
- Set pan in hole and shim rear corners to level
- Anchor in place to prevent movement or floating
- Pour new cement, under & around, all at once
- Install new bumpers

Note: This cut size in dock face allows front curb angle to act as a form around the opening. If customer desires angle to be flush with face of dock, then the dock face opening must be "C" + "6" & "D" + 3".
